

SEMI-AUTOMATIC PALLET WRAPPER

Manual Film Loading & Automatic Wrapping

Cost-Effective • Reliable • Easy to Operate

Designed for warehouses, logistics, food & beverage, manufacturing and distribution centres. Operators manually attach the film to the pallet while the machine automatically completes the wrapping cycle.

✓	Manual Film Loading
✓	Automatic Wrapping Cycle
✓	Up to 250% Film Pre-Stretch
✓	Variable Turntable Speed
✓	2,000kg Load Capacity
✓	One-Person Operation

TECHNICAL SPECIFICATIONS

Specification	Basic & Semi-Auto
Turntable Diameter	1,650 mm
Max. Load Weight	2,000 kg
Wrap Height Range	500–2,000 mm
Turntable Speed	0–12 rpm (Variable, Adjustable)
Film Pre-Stretch	Up to 250%

Power Supply	220V, Single Phase
Power Consumption	1.5 kW
Column Height	2,400 mm
Turntable Height	85 mm
